.....
- ▶ The conference will be open to both presenters and attendees without charge or fees.

Conference background

2020 marked the start of a global pandemic and the world's first 24-hour virtual conference on global organized crime, #OC24. The conference brought together scholars and practitioners from all over the world at a scale and in a way that a physical conference cannot.

With five innovative session formats, #OC24 attracted more than 3,000 participants worldwide.

Over the course of 24 hours (on 10-11 November 2020), 240+ leading organized crime scholars and practitioners from over 45 countries discussed and presented a diverse range of topics, including environmental crime, migrant smuggling, human trafficking, the illicit antiquities trade, drug trafficking and the impact of emerging technologies on organized crime. A supportive Secretariat team of over 120 students, early-career academics and researchers from leading organized crime universities worldwide also contributed to the conference's success.
